

# Mental Health Disorders in Schools

*Sponsored by*

Southwest SELPA and Region 11 Coordinating Council

**Presenter:** Tim Halphide, MA, MFT, School Psychologist Diagnostic Center South

**Date:** Tuesday, January 31, 2012

**Time:** 8:00 AM – 8:30 AM Registration  
8:30 AM – 12:30 PM (4 hour workshop)

**Audience:** School professionals serving students with emotional and behavioral disorders

**Location:** Southwest SELPA Auditorium  
**320 Knob Hill Redondo Beach, CA 90277**

**Content:** Students with Emotional and Behavioral Disorders are under-diagnosed or misdiagnosed and are thus, under-served in California. State budgets have severely limited the services available to these students, and the impact on schools has increased. This training helps educators to differentiate between the various kinds of mental health conditions, as well as the best practices for screening, assessment, support and intervention.

**Outcomes—*Participants will:***

1. learn strategies for differentiating emotional disturbance from conduct problems, and from developmental disabilities.
2. learn research based best practices for screening, assessment and designing quality educational interventions and programs for students with emotional disturbances.
3. become familiar with DSM-IV TR criteria for related mental health disorders

**Registration Deadline: 1/17/12**

Attendance is limited! First Come, First Served!

**ONLINE REGISTRATION AT**
